

IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF MONTANA
BILLINGS DIVISION

MARIA DALBOTTON,

1:20-cv-00034-SPW

Plaintiff,

ORDER

v.

C. R. BARD, INC. and BARD
PERIPHERAL VASCULAR, INC.,

Defendants.

The parties have filed responses (Docs. 285 and 286) to the Court's Order regarding the Joint Proposed (Juror) Questionnaire (Doc. 281). Neither party suggests any additional case specific questions; however, Plaintiff objects to the inclusion of Questions 33 and 34 which reference the Food and Drug Administration ("FDA"). The court disagrees that Questions 33 and 34 suggest third-party conduct. Given the nature of this case, it is important to know the information sought in Questions 33 and 34. Therefore,

IT IS HEREBY ORDERED that Plaintiff's objection to Questions 33 and 34 are OVERRULED.

DATED this 2nd day of February, 2023.

SUSAN P. WATTERS
United States District Court Judge
